achieve greater things

Summer Term 2 topic - Gallery Rebels

Reading	Writing	Maths
<p>For the first part of the half term, children will use visual literacy to develop their inference skills.</p> <p>The second part of the half term, children will be using a range of non-fiction books to research information about famous artists and art movements.</p>	<p>Children will be watching videos which will be the focus of their writing. They will also be writing non-chronological reports about famous artists and they will be writing a balanced argument about a particular piece of art. They will also be taught grammar skills which they can apply and show within their writing.</p>	<p>Children will be learning about and recapping</p> <ul style="list-style-type: none">• Fractions, decimals and percentages• The relationships between the four operations (+ - x ÷)• Properties of 2D and 3D shapes• Applying skills within problems.

Science

Evolution and Inheritance. Know that living things have changed over time and that fossils provide information about living things from millions of years ago. Recognise that living things produce offspring of the same kind, but vary from their parents. Identify how animals and plants are adapted to suit their environment and that it may lead to evolution.

Light. - Recognise and use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye and to explain why shadows have the same shape as the objects that cast them. Explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes.

RE Children will continue to follow the Understanding Christianity programme and learn about God and what it means if God is holy and loving.	PSHE Children will be taught through the JIGSAW programme. In this half term, children will focus on relationships.	Homework Children will get homework for English, maths and reading every week. Homework will be given out on Fridays and should be handed in on Mondays.

Memorable Experiences

Save the Date

Induction week for secondary schools – week commencing 4th July.

Computing

Children will use Powerpoint to create a non-chronological report where they will upload images of artwork into their writing. Children will also use programs to recreate pop art.

Music

Children will continue to be taught music by our specialist teacher. The music will be linked to modern artists.

Art

Children will recreate artwork in the style of pop artists Andy Warhol and Roy Lichtenstein.

Gallery Rebels

PE

In P.E. children will learn to improve their agility, balance and co-ordination. In games, children will learn and apply different principles and skills in a range of competitive games. Children should bring their PE kits into school on Tuesdays.

History

In history, children will be finding out about different art movements over the years. Children will also be learning about different artists within these art movements.

Performing Arts

Children will learn some dance moves that fit with the pop art movement.

Geography

Children will use the world map to locate art galleries and museums around the world. Children will look at the human geography and find out why museums and art galleries were built in these locations.
